

2017 Agreement Survey

Brothers and Sisters:

Our Building Trades Labor/Management Agreement is due to expire on May 31, 2017. Your participation is necessary and important to the upcoming negotiation process.

Your Negotiating Committee is fully aware of the importance of maintaining and/or strengthening our existing contract language regarding items such as; tools, dry shacks, and parking, to name a few. However, other Articles and Sections of the Agreement will be negotiated and the committee would like your input.

The information and feedback you provide will assist your Negotiating Committee when setting priorities for the upcoming bargaining process.
